PRODUCT INFORMATION

O2 LAMINATES

O2 laminates are produced based on ISO 4586-1 & ISO 4586-2 standards and are ideal for decorative use in vertical and horizontal interior applications.

Please email us at general@catalyste.co for more technical information or indent customised orders.

CARE GUIDE

FOR LIGHT STAINS:

- Use warm water and a clean, soft cloth.
- Add a mild cleaner or detergent if needed, then rinse with clean water.
- Dry the surface with a soft cloth.

FOR TOUGH STAINS:

- Use a small amount of thinner on a clean, soft cloth and gently remove the stain.
- Rinse the area with another damp cloth.
- Avoid using cleaners that contain acid, alkali, or bleach, as they may damage the laminate surface.

GENERAL USE

O2 laminates are perfect for decorative interior surfaces such as:

- Walls, ceilings, and furniture
- Hotel and restaurant decor
- Drawer fronts, signs, and shelves
- Counters, displays, doorframes, and fittings

They can be easily cut, routed, and drilled with carbide-tipped tools. For best results, ensure the surface is flat and tools are sharp during cutting, and use weights if necessary to avoid tears.

TECHNICAL INFORMATION

±0.7mm thickness, 4ft by 8ft
(1220mm by 2440mm)
